

**Internship
at the
Confederation of European Forest Owners (CEPF)
Brussels, Belgium
www.cepf-eu.org**

In relation to the Forest-based Sector Technology Platform, CEPF (together with EFI) leads the Education&Training programme for the Forestry Value Chain.

In connection to this programme CEPF gives a forestry student the opportunity to conduct an assessment of ongoing educational programmes in forestry and to conduct a survey on competences of foresters required by industry.

The internship position is open as of December 2007, to be filled immediately. Office work will be based at CEPF in the European Forestry House in Brussels.

CEPF will provide 400 € per month for living expenses.
